Tables of Brazil Practice Set Dr. Larry M. Walther
This applied practice set provides a real-world glimpse into accounting issues typically encountered in business. It comprehensively ties together accounting topics related to cash, receivables, inventory, prepaids, plant assets, and current liabilities. It is designed to accompany most introductory accounting texts via an active learning experience that is appropriate for both undergraduate and graduate level courses. Students may solve this practice set alone, or in groups. A separate solution manual is electronically available to instructors.
