The King in Yellow and Other Stories: Tales of the Carcosa Mythos Ambrose Bierce, Robert W. Chambers, H. P. Lovecraft
The new hit television series True Detective contains numerous references to the works of late 19th and early 20th century weird fiction writers Robert W. Chambers, Ambrose Bierce, and H. P. Lovecraft. This anthology, edited with an explanatory introduction by a noted weird fiction scholar, collects the tales of those writers that are relevent to True Detective. Unlike other ebook collections, that contain dozens of unrelated stories, such as Chambers's victorian romances and random Lovecraft stories that have nothing at all to do with True Detective, this anthology includes only those stories that directly reference The King in Yellow, Carcosa, and other important themes. This is the only collection that contains all of the stories by these authors that reference Hastur, the ancient god of Carcosa, who appears among the tattoos on Reggie Ledoux. It also includes the correct Lovecraft story that connects all of these works with the Cthulhu Mythos. This is the ideal collection for those who want to understand the many references to early weird fiction that have appeared in True Detective.
