Atlas Shrugged

Ayn Rand

Atlas Shrugged Ayn Rand
intellectual mystery story that integrates ethics, metaphysics, epistemology, politics, economics, and sex.

Set in a near-future U.S.A. whose economy is collapsing as a result of the mysterious disappearance of leading innovators and industrialists, this novel presents an astounding panorama of human life-from the productive genius who becomes a worthless playboy...to the great steel industrialist who does not know that he is working for his own destruction...to the philosopher who becomes a pirate...to the woman who runs a transcontinental railroad...to the lowest track worker in her train tunnels.

Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is a philosophical revolution told in the form of an action thriller.
