Social Class and Stratification: Classic Statements and Theoretical Debates

Social Class and Stratification: Classic Statements and Theoretical Debates
The second edition of this strong collection brings together classical statements on social stratification with current and original scholarship, providing a foundation for theoretical debate on the nature of race, class, and gender inequality. Designed for students in courses on social stratification, inequality, and social theory, this new edition includes a revised and updated editor's introduction and conclusion, along with five new chapters on race and gender from distinguished scholars in the field.
