The Dreamer's Curse (The Artifactor) (Volume 2) Honor Raconteur
With an un-cursed prince and king back on the throne, Sevana goes back to her usual routine without worry. But her peaceful days don’t last for long. A hunter from a small northern village comes to her, pleading for help. The people in his village are disappearing during the night, transported great distances in their sleep, and they don’t know why. Transportation magic such as this hasn’t been seen since the days of great magic, hundreds of years past. On top of that, the power levels that Sevana sees are insanely high—far higher than any modern magic can reach. Sevana drops everything, racing toward the small village of Chastain, praying that she can find the source for all of this and stop it. Otherwise, the magical backlash might destroy Windamere.
