Rexford E. Santerre, Stephen P. Neun

Health Economics: Theories, Insights, and Industry Studies with Economic Applications Card Rexford E. Santerre, Stephen P. Neun
Authors Santerre and Neun take a fresh contemporary approach to health economics. The writing style is lively and inviting to students that are intimidated by the term "economics." The authors use several real-world applications to make the economic theory more approachable to students. The central theme of Health Economics, 3e relates to the costs and benefits associated with various health care choices. Using this theme, the book covers the many changes that have taken place in the field of health care in both the public and private sectors.
