Creation Theology

Jose Morales

Creation Theology Jose Morales
The notion and truth of creation has many direct implications for the role of man and woman in the world: the meaning of pain; the connection between religious outlook and science's view of the world; and the development of a theology of the earth. Creation Theology will be useful, not only to students of theology, but to any reader who seeks an understanding of the Christian view of Creation and the role of human life and action in the world. Translated from the Spanish.
