Structured Analytic Techniques for Intelligence Analysis;
This book showcases fifty-five structured analytic techniques - five new to this edition - that represent the most current best practices in intelligence, law enforcement, homeland security, and business analysis. With much more depth, detail, and utility than existing handbooks, each technique is clearly and systematically explained. Logically organized and richly illustrated, and with spiral binding and tabs that separate techniques into categories, this book is an easy-to-use, comprehensive reference.
