Trace Evidence Analysis: More Cases in Forensic Microscopy and Mute Witnesses

Max M. Houck

Trace Evidence Analysis: More Cases in Forensic Microscopy and Mute Witnesses Max M. Houck Trace Evidence Analysis continues and builds upon the tradition of its successful companion title Mute Witnesses (2000). Written by some of the top practicing forensic scientists, each chapter explains in detail the detective and analytic work that goes into solving complex cases. The book contains nine entirely new cases, each self-contained in its own chapter, covering everything from homicides to accident reconstruction. Leading experts from around the world provide detailed accounts of the process of collection, classification, and analysis of microscopic evidence to draw definitive conclusions that solved actual cases.

The cases not only fascinate but provide students and expert forensic scientists alike with an invaluable tool to examine the roles of trace evidence and microscopy in forensic investigation.

· Contains contributions from some of the premier forensic scientists in the field
· Discusses the role of evidence in solving cases and explores the legal and ethical responsibility of the forensic scientist
· Explores real-world application of scientific methods and analytic principles including evidence gathering, instrumentation, sampling methods, analysis, and interpretation
· Includes over 160 full-color figures that illustrate the relevant case evidence

Sandra Birk:

As a student exactly feel bored in order to reading. If their teacher questioned them to go to the library or to make summary for some reserve, they are complained. Just minor students that has reading's soul or real their interest. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that reading is not important, boring and can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Trace Evidence Analysis: More Cases in Forensic Microscopy and Mute Witnesses

can make you sense more interested to read.
