Charles W. Mitchell

Travels through American History in the Mid-Atlantic: A Guide for All Ages Charles W. Mitchell

Few regions of the United States boast as many historically significant sites as the mid-Atlantic. *Travels through American History in the Mid-Atlantic* brings to life sixteen easily accessible historical destinations in Pennsylvania, Maryland, Washington, D.C., the Potomac Valley, and Virginia.

Charles W. Mitchell walked these sites, interviewed historians and rangers, and read the letters and diaries of the men and women who witnessed?and at times made?history. He reveals in vivid prose the ways in which war, terrain, weather, and illness have shaped the American narrative. Each attraction, reenactment, and interactive exhibit in the book is described through the lens of the American experience, beginning in the colonial and revolutionary eras, continuing through the War of 1812, and ending with the Civil War. Mitchell contrasts the ornate decor of Philadelphia's Independence Hall, for example, with the passionate debates that led to the Declaration of Independence, and the tranquil beauty of today's Harpers Ferry with the trauma its citizens endured during the Civil War, when the town six times fell to opposing forces.

Excerpts from eyewitness accounts further humanize key moments in the national story. Hand-drawn maps evoke the historical era by depicting the natural features that so often affected the course of events.

This engaging blend of history and travel will appeal to visiting tourists, area residents seeking weekend diversions, history buffs, and armchair travelers.

This guide offer you information that possibly your friend doesn't understand, by knowing more than different make you to be great individuals. So , why hesitate? We should have Travels through American History in the Mid-Atlantic: A Guide for All Ages.

Dave Edwards:

As a pupil exactly feel bored in order to reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's heart and soul or real their leisure activity. They just do what the professor want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important

for you. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Travels through American History in the Mid-Atlantic: A Guide for All Ages can make you really feel more interested to read.
