Faulkner in the Eighties John E. Bassett
This bibliography brings up through 1989 the comprehensive listing of scholarship and criticism on William Faulkner begun by Bassett in two earlier books, *William Faulkner: An Annotated Checklist of Criticism* (1972) and *Faulkner: An Annotated Checklist of Recent Criticism* (1983). Since the latter, over a hundred books on Faulkner have been completed, along with hundreds of articles and dissertations. This work lists all new items, often with extensive annotations, and provides separate entries for chapters of books that cover individual novels and stories. Bassett's introductory essay provides an overview of the last decade of Faulkner studies, the first in which post-structuralist and other newer forms of criticism had a major impact on Faulkner studies.
