Emily has always been mistrustful of doctors, but she has learned that there was a new **female Doctor** in town that might be just the right fit for her over paranoid delusions. She always thought the guys looking at her without any clothes on, even if they did have a medical license were basically perverts hiding behind white smocks. She didn't think that she was going to have to deal with that with Doctor Alton. Her reputation precedes her and she has done her necessary research on the Internet to find that she has been given nothing, but rave reviews. She decides to bite the bullet, not realizing that the Doctor is going to be **more than just friendly.**
