Agile Project Management with Kanban (Developer Best Practices)

Eric Brechner

Agile Project Management with Kanban (Developer Best Practices) Eric Brechner
Use Kanban to maximize efficiency, predictability, quality, and value
With Kanban, every minute you spend on a software project can add value for customers. One book can help you achieve this goal: *Agile Project Management with Kanban*.

Author Eric Brechner pioneered Kanban within the Xbox engineering team at Microsoft. Now he shows you exactly how to make it work for your team.

Think of this book as “Kanban in a box”: open it, read the quickstart guide, and you’re up and running fast. As you gain experience, Brechner reveals powerful techniques for right-sizing teams, estimating, meeting deadlines, deploying components and services, adapting or evolving from Scrum or traditional Waterfall, and more.

For every step of your journey, you’ll find pragmatic advice, useful checklists, and actionable lessons. This truly is “Kanban in a box”: all you need to deliver breakthrough value and quality.

Use Kanban techniques to:

- Start delivering continuous value with your current team and project
- Master five quick steps for completing work backlogs
- Plan and staff new projects more effectively
- Minimize work in progress and quickly adjust to change
- Eliminate artificial meetings and prolonged stabilization
- Improve and enhance customer engagement
- Visualize workflow and fix revealed bottlenecks
- Drive quality upstream
- Integrate Kanban into large projects
- Optimize sustained engineering (contributed by James Waletzky)
- Expand Kanban beyond software development

From reader reviews:

Robin Blakely:

What do you ponder on book? It is just for students because they are still students or this for all people in the world, what the best subject for that? Simply you can be answered for that problem above. Every person has distinct personality and hobby for every other. Don't to be obligated someone or something that they don't need do that. You must know how great along with important the book Agile Project Management with Kanban (Developer Best Practices). All type of book are you able to see on many options. You can look for the internet options or other social media.

Susanne Pineda:

This Agile Project Management with Kanban (Developer Best Practices) is great book for you because the content that is full of information for you who have always deal with world and also have to make decision every minute. This particular book reveal it data accurately using great manage word or we can state no rambling sentences within it. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only provides you with straight forward sentences but tough core information with attractive delivering sentences. Having Agile Project Management with Kanban (Developer Best Practices) in your hand like obtaining the world in your arm, data in it is not ridiculous 1. We can say that no guide that offer you world throughout ten or fifteen second right but this publication already do that. So , this can be good reading book. Hello Mr. and Mrs. busy do you still doubt in which?

Santiago Klein:

Is it an individual who having spare time after that spend it whole day by means of watching television programs or just laying on the bed? Do you need something totally new? This Agile Project Management with Kanban (Developer Best Practices) can be the solution, oh how comes? A book you know. You are and so out of date, spending your extra time by reading in this brand-new era is common not a nerd activity. So what these ebooks have than the others?

Philip Martin:

Within this era which is the greater man or who has ability to do something more are more important than other. Do you want to become one among it? It is just simple strategy to have that. What you have to do is just spending your time very little but quite enough to get a look at some books. Among the books in the top checklist in your reading list is Agile Project Management with Kanban (Developer Best Practices). This book that is qualified as The Hungry Hillsides can get you closer in growing to be precious person. By looking right up and review this e-book you can get many advantages.
