And the Heart Says Whatever

Emily Gould

And the Heart Says Whatever Emily Gould
Essays by former editor of Gawker.com—and the new female voice of her generation. In *And the Heart Says Whatever*, Emily Gould tells the truth about becoming an adult in New York City in the first decade of the twenty-first century, alongside bartenders, bounty hunters, bloggers, bohemians, socialites, and bankers. These are essays about failing at pet parenthood, suspending lust during the long moment in which a dude selects the perfect soundtrack from his iTunes library, and leaving one life behind to begin a new one (but still taking the G train back to visit the old one sometimes).

For everyone who has ever had a job she wishes she didn't, felt inchoate ambition sour into resentment, ended a relationship, regretted a decision, or told a secret to exactly the wrong person, these stories will be achingly familiar. At once a road map of what not to do and a document of what's possible, this book heralds the arrival of a writer who decodes the new challenges of our post-private lives, and the age-old intricacies of the human heart.
