Gretchen B. Rossman, Sharon F Rallis

Learning in the Field: An Introduction to Qualitative Research Gretchen B. Rossman, Sharon F Rallis This popular text is a true introduction to qualitative research, leading the new researcher into the field by explaining the core concepts through theory, research, and applied examples. The authors introduce each chapter with discussions among three characters - Ruth, Marla, and Anthony - students whose research projects demonstrate the challenges and excitement of qualitative research. Woven into the chapters and the characters' stories are three themes that are the heart of the book: First, research is about learning; second, research can and should be useful; and finally, a researcher should practice the highest ethical standards to ensure that a study is trustworthy.
