Semantics of Specification Languages (SoSL): Proceedings of the International Workshop on Semantics of Specification Languages, Utrecht, The Netherlands, 25 - 27 October 1993 (Workshops in Computing)

SoSL was the first International Workshop on Semantics of Specification Languages, held from 25-27 October 1993 in Utrecht, the Netherlands. The workshop was organized by the Department of Philosophy of Utrecht University with financial support from the Nationale Faciliteit Informatica of the Nederlandse Organisatie voor Wetenschappelijk Onderzoek (NWO), and under the auspices of the British Computer Society'S specialist group in Formal Aspects of Computing Science (BCS FACS). The concern of the workshop was the semantics of specification languages, and the issues closely related to this area, such as type checking and the justification of proof rules and proof obligations. Its aim was the exchange of problems and ideas in this field of formal methods, and the identification of common programs of work for further investigation. The program of SoSL consisted of 3 invited lectures presenting the developments of the semantics of 3 major specification languages. Furthermore, there were 16 presentations of submitted papers. This volume provides a direct account of the workshop. It contains 3 papers that match the invited lectures and the 16 selected papers. The editors want to thank all those who have contributed to the workshop; the Program Committee and the referees for selecting the contributed papers, the invited speakers for their interesting talks, the Organizing Committee for all their efforts, and of course the participants. We have the feeling that the workshop was worthwhile and should be repeated.

From reader reviews:

Louise Hacker:

What do you think about book? It is just for students since they're still students or this for all people in the world, what best subject for that? Merely you can be answered for that question above. Every person has distinct personality and hobby for each other. Don't to be pushed someone or something that they don't desire do that. You must know how great and important the book Semantics of Specification Languages (SoSL): Proceedings of the International Workshop on Semantics of Specification Languages, Utrecht, The Netherlands, 25 - 27 October 1993 (Workshops in Computing). All type of book are you able to see on many solutions. You can look for the internet methods or other social media.

David Wade:

Do you one among people who can't read enjoyable if the sentence chained inside the straightway, hold on guys that aren't like that. This Semantics of Specification Languages (SoSL): Proceedings of the International Workshop on Semantics of Specification Languages, Utrecht, The Netherlands, 25 - 27 October 1993 (Workshops in Computing) book is readable by simply you who hate those straight word style. You will find the details here are arrange for enjoyable reading experience without leaving perhaps decrease the knowledge that want to provide to you. The writer connected with Semantics of Specification Languages (SoSL): Proceedings of the International Workshop on Semantics of Specification Languages, Utrecht, The Netherlands, 25 - 27 October 1993 (Workshops in Computing) content conveys the idea easily to understand by many individuals. The printed and e-book are not different in the articles but it just different by means of it. So , do you nonetheless thinking Semantics of Specification Languages (SoSL): Proceedings of the International Workshop on Semantics of Specification Languages, Utrecht, The Netherlands, 25 - 27 October 1993 (Workshops in Computing) is not loveable to be your top checklist reading book?

Stephen Morgan:

Reading can called brain hangout, why? Because if you find yourself reading a book particularly book entitled Semantics of Specification Languages (SoSL): Proceedings of the International Workshop on Semantics of Specification Languages, Utrecht, The Netherlands, 25 - 27 October 1993 (Workshops in Computing) your thoughts will drift away trough every dimension, wandering in each aspect that maybe mysterious for but surely might be your mind friends. Imaging every single word written in a book then become one application form conclusion and explanation this maybe you never get previous to. The Semantics of Specification Languages (SoSL): Proceedings of the International Workshop on Semantics of Specification Languages, Utrecht, The Netherlands, 25 - 27 October 1993 (Workshops in Computing) giving you one more experience more than blown away your mind but also giving you useful information for your better life in this particular era. So now let us demonstrate the relaxing pattern this is your body and mind will be pleased when you are finished looking at it, like winning a casino game. Do you want to try this extraordinary shelling out spare time activity?

Catherine Gober:

You may spend your free time to read this book this guide. This Semantics of Specification Languages (SoSL): Proceedings of the International Workshop on Semantics of Specification Languages, Utrecht, The Netherlands, 25 - 27 October 1993 (Workshops in Computing) is simple to create you can read it in the park your car, in the beach, train and soon. If you did not include much space to bring typically the printed book, you can buy the particular e-book. It is make you better to read it. You can save typically the book in your smart phone. And so there are a lot of benefits that you will get when one buys this book.
