Swerve

Vicki Pettersson

Swerve Vicki Pettersson
In the electrifying tradition of Dean Koontz and Gillian Flynn comes the first riveting psychological thriller from the *New York Times* and *USA TODAY* bestselling author!

It’s high summer in the Mojave Desert, and Kristine Rush and her fiancé, Daniel, are en route from Las Vegas to Lake Arrowhead, California, for the July Fourth holiday weekend. But when Daniel is abducted from a desolate rest stop, Kristine is forced to choose: return home unharmed, but never to see her fiancé again, or plunge forward into the searing desert to find him…where a killer lies in wait.

One road. One woman. One killer.

Sprinting against the clock, and uncertain if danger lies ahead or behind, Kristine must blaze an epic path through the gaudy flash of roadside casinos, abandoned highway stops, and a landscape rife with horrors never before imagined. Desperate to save her doomed husband-to-be, Kristine must summon long forgotten resources if she’s to go head-to-head against this unpredictable killer. And she’d better hurry. Because she only has twenty-four hours…to make one hell of a trip.

From reader reviews:

Gary Stark:

The book Swerve can give more knowledge and information about everything you want. Why then must we leave a good thing like a book Swerve? Several of you have a different opinion about e-book. But one aim in which book can give many facts for us. It is absolutely correct. Right now, try to closer using your book. Knowledge or info that you take for that, it is possible to give for each other; you can share all of these. Book Swerve has simple shape however, you know: it has great and big function for you. You can appearance the enormous world by open up and read a e-book. So it is very wonderful.

Jackie Ballesteros:

As people who live in the particular modest era should be revise about what going on or info even knowledge to make them keep up with the era and that is always change and move forward. Some of you maybe will update themselves by reading books. It is a good choice in your case but the problems coming to you is you don't know which one you should start with. This Swerve is our recommendation to help you keep up with the world. Why, since this book serves what you want and want in this era.

Mary Kidd:

A lot of people always spent all their free time to vacation or even go to the outside with them household or their friend. Do you realize? Many a lot of people spent they free time just watching TV, or perhaps playing video games all day long. If you would like try to find a new activity here is look different you can read the book. It is really fun for yourself. If you enjoy the book you read you can spent the entire day to reading a e-book. The book Swerve it doesn't matter what good to read. There are a lot of people that recommended this book. We were holding enjoying reading this book. In the event you did not have enough space to develop this book you can buy the e-book. You can m0ore very easily to read this book through your smart phone. The price is not to fund but this book offers high quality.

Thomas Burke:

A number of people said that they feel bored stiff when they reading a reserve. They are directly felt the item when they get a half portions of the book. You can choose often the book Swerve to make your reading is interesting. Your skill of reading talent is developing when you including reading. Try to choose easy book to make you enjoy to learn it and mingle the idea about book and reading especially. It is to be first opinion for you to like to open up a book and read it. Beside that the guide Swerve can to be your brand-new friend when you're feel alone and confuse with the information must you're doing of the time.
