Solving our Nation's Challenges

Mr. Christopher Nicholas Shaw

Solving our Nation's Challenges Mr. Christopher Nicholas Shaw
This book dives into many policies of the United States; domestic, economically, socially, morally, and abroad. It explores the challenges we face in this century, past centuries, and the future. In addition, it also explains how to solve many of the problems we face. Each page may not be that long, but it is the content and what is in the book that is important. In an age were people are extremely upset with our government, both political parties, and the issues and challenges we face, I have written this book to explain how we can solve our problems, why we can overcome them as we have in the past, and to explain why the American people and citizens of every country around the world participating in their government is so important. This book is also graphically stunning and over 100 pages long.
