**Guns N' Roses: The Complete History** Wiki Editors
Guns N' Roses, the hard rock band formed in Hollywood in 1985 and led by frontman and co-founder Axl Rose, has released six studio albums, three EPs, and one live album while going through numerous line-up changes and just as many controversies since its formation. The band has sold more than 100 million albums worldwide, including 46 million in the United States. Guns N' Roses' mid-to-late 1980s and early 1990s years have been described by individuals in the music industry as the period in which "they brought forth a hedonistic rebelliousness and revived the punk attitude-driven hard rock scene, reminiscent of the early Rolling Stones." The heart of this book details GNR's history, personalities, lyrical inspirations, collaborative efforts, and delves into the effect of the politics of the day on the boys' music and reckless lifestyle, the alleged and admitted drug references in their music and writings, the critical reception of the music and, most importantly, the controversial relationship between the Gunners themselves as they became the most "Dangerous Band in the World." This is a WikiBits book - a compilation of related copyright-free Wikipedia articles and listings that have been crafted into a physical book that you can take with you.
