Old Testament Theology: Divine Call and Human Response

John Kessler

Old Testament Theology: Divine Call and Human Response John Kessler
Old Testament Theology provides a foundational tool for a theological reading of the Old Testament. In the book's central chapters, John Kessler delineates six differing representations of the divine-human relationship, with special emphasis on the kind of response each one evokes from the people of God. He traces these representations through the Old Testament, into the New Testament, and reflects on their significance for the values and character formation of the people of God today. *Old Testament Theology* combines elements of Old Testament history, exegesis, hermeneutics, and theology, and situates them within the social, cultural, and intellectual world of ancient Israel and Israelite religious institutions. The result is a comprehensive and readable introduction to Old Testament theology for students in seminaries and colleges.
